CIVIL AIR PATROL

RMR SUPPLEMENT TO CAP REGULATION 52-10

14 March 2008

Cadet Programs

CADET PROTECTION POLICY

4(d). (Changed) Ensure that at least two CPPT approved CAP members are present as escorts at all overnight cadet activities. Only adult CAP members defined by CAPR 39-2 as Senior Members (SM) or Cadet Sponsor Members (CSM) may serve as escorts. At least one of those escorts must be a Senior Member (SM). The other may be a Cadet Sponsor Member (CSM). One male and one female escort must be present during any overnight cadet activity where both male and female cadets are present. Overnight cadet activities composed entirely of cadets of one gender may be accompanied by a male and female escort or by two escorts of the same gender as the cadet participants. In cases where activities do not extend overnight and where only one escort is present, that escort must be a CPPT approved Senior Member (SM). Encourage at least two escorts to be present at all cadet activities (with the exception of chaplain counseling or cadet orientation flights). This policy is for the protection of the escorts as well as the cadets. This policy is directive upon all units within Rocky Mountain Region.
